Hi! My name is Lara, & I want to take your picture.

I love photography.

I guess that's pretty obvious.

The thing I love most about photography is making people see themselves in a new way. I want to provide you with a set of photos that shows you how beautiful you really are.

I also love the creativity of photography. I've always been very into art in any form: painting, drawing, knitting, sewing, corset-making, web design, print design, photo editing, crafting, even reupholstery.

I love to learn new things and meet new people. I love to learn new things about those people. I love this job!

My style + your style = fabulous photos

My style of shooting can best be described as modern photojournalism plus artistic portraiture. During the wedding itself, I try to be as unobtrusive as possible, capturing every moment with beautiful realism. Sometimes people don't even notice I'm there.

Though it may seem like a contradiction of styles, I also love to create stunning portraits. My approach to portraiture is different from most, as I rarely pose people. I will often tell people where to stand in order to have the best light and most pleasing background, but then I let them do their thing. I try to make them laugh, make them comfortable, and then watch carefully as they relax and interact with one another or with me. I find this method allows me to capture your true beauty. No fake smiles allowed!

My post-processing method falls in line with my shooting style: as natural as possible. I tend not to do heavy retouching. I don't use Photoshop actions. I moderately adjust the exposure, contrast, and colours to look their best and most life-like.

My overall goal is to capture the real you - you at your best!

I only offer one package so that I can tell the complete story of your wedding day. **Unlimited coverage costs \$2000**, plus \$500 if you'd like to add a second professional photographer.

The base wedding package includes the following:

- A complimentary engagement portrait session with 20+ edited images on CD
- Approximately one photo per minute edited & provided in high-resolution jpeg format
- A password-protected online gallery of selected images
- Travel to unlimited locations within Greater Victoria
- Slideshow of select wedding images set to music

Winter (November to March) and weekday (Monday to Thursday) weddings are 25% off.

For last minute and weekday bookings only (less than six weeks away), I also offer an hourly rate of \$225/hr + \$75/hr for a second photographer.

Sales tax (HST in BC and Ontario, GST in other provinces, none for other countries - based on delivery address for couple) is charged on all rates.

Let's get acquainted and show off that ring!

An engagement portrait session is included in my packages. It gives us a chance to get to know each other prior to the wedding, particularly regarding how we'll work with the camera. It will also give you a chance to get comfortable in front of the lens, so you'll be more relaxed on your wedding day.

A CD of at least twenty edited high-resolution jpeg format photos is provided to you a week or two after the session. You are free to use these images in any non-profit way you like. Use them on your invitations or save-the-date cards, post them online, make a guestbook, whatever you want!

Let's get digital

Your wedding photos will be edited and provided to you in high-resolution jpeg format. My contract grants you the right to use these images in any non-profit way you like. Take them to your preferred printer to get them printed or have me print them for you. Share them online with all of your friends and family. I would love it if you shared liberally and linked to my website.

You will also be provided with a password-protected online gallery of all of the photos. You or your friends or family can order prints from the gallery or download web-sized images.

For full day wedding coverage, an online slideshow set to music will also be provided for sharing with friends and family.

...and analog?

For prints 8"x10" or larger, I offer the option to order through me. I will do additional editing to each image to suit the size of the print and make sure that the final product meets my high standards. I use a local professional print lab for amazing quality prints.

If you add a print credit to your package at the time of booking, take 10% off the credit cost (i.e. add a \$500 credit for use on albums/prints for \$454.55 plus tax).

Size	Prints	Canvas Wraps
8x10/8x12	\$20	\$120
11x14	\$40	\$145
16x20	\$85	\$190
20x30	\$130	\$280
30x40	\$260	\$490

Print prices are valid for one year after your wedding day. Contact me to discuss other speciality printing and mounting options.
